

Th3 F1v3 P01nt Ch@s3 Writeup

1. First Download the images and video provided.
2. Edit the images and video as needed to reverse image search or view text/signs captured.
 - a. Location 1: Main clues: the brick road, the statues in the fire escape, align with the water tower, sign with (-tre, cut off sign for theatre), SOHO architecture.
 - b. Location 2: look at details on the fountain and notice it is in a city. The words FAITH and the year is on it if you brighten the image.
 - c. Location 3: Small green triangle park (in Manhattan), traditional architecture of East Village, building directly behind tree is easily compared with other buildings behind similar parks
 - d. Location 4: look for theatres with wooden chairs in NYC, alternatively reverse image search works. The theatre interior is very unique and can be found online.
 - e. Location 5: reverse image search (cortland st is very popular for filmmakers).
3. The five locations can be plotted using Google Maps/Google My Maps.
4. The shape to connect the location points is hinted to be related to the concept of a constellation. The different variations to narrow down the center result in the formation of a star.
5. Ultimately looking something like this:

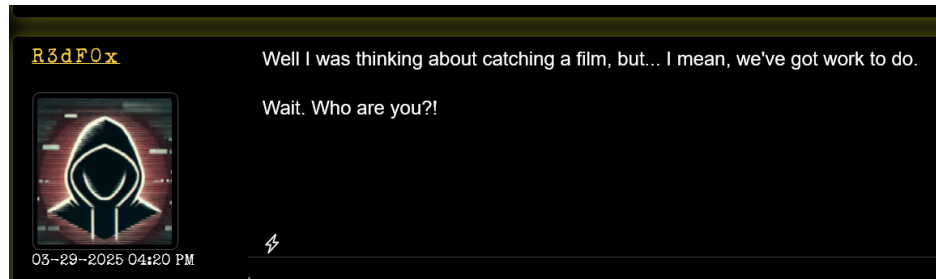

6. The center of the star (the pentagon), will contain a few buildings but the relevant location is Anthology Film Archives.

- a. To narrow down to this location, more information can be found on R3d F0x using the lore page reveals a forum for the consortium.

Using the link for a forum (<https://drtomlei.xyz/posts/7>) Will reveal this.

A hint that the center building is something related to film.

- b. Also utilizing the hint provided by the challenge: "Map the locations and form the specified shape, it is essential".
7. Researching/Googling the nearby buildings will show that the Anthology Film Archives have something called Essential Cinema.
 8. Utilizing the description from the challenge "On the day of Saturn of this competition, before the light day slips into its final act, an event will occur" to find out when the event will occur. Day of Saturn is another way to say Saturday, JerseyCTF V is happening on Saturday 29th to Sunday 30th, and before the light of day slips into its final act means that the event is happening on Saturday 29th when it is still light outside but late in the day.
 9. The Anthology Film Archives Essential Cinema (https://www.anthologyfilmarchives.org/film_screenings/calendar#day-30) has a calendar showing which films are being shown on each day and what time. Using the previous information regarding date and time narrows it down to the only possible answer of THE

RULES OF THE GAME which is shown at 6:00 PM on the 29th of March.
